Chairman's Message

Over recent weeks in the Club the emphasis seems to have been clearly on sport as is customary about this time of the year.

The swimming club held the club championship which was won in an exciting finish by John Devitt for the sixth time, the handball club finished its season with the Good Idea Trophy, great activity has been apparent in the billiards and snooker club and the bowling section held its annual election and is away to an excellent start under its new committee.

These events bring clearly to mind the fact that Tattersall's is a club very much devoted to sport with this type of activity woven closely into the fabric of our activities.

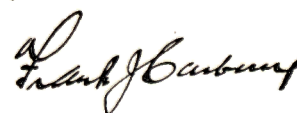

I always feel that this is one of the strengths of our club and one which I can't recall seeing duplicated to anywhere near this extent in any similar organization in Australia.

Not only is sport an excellent end in itself, inasmuch as it provides healthy exercise and breeds a strong sense of fair play, but in a club

such as ours it does a great deal to bring us all closer together.

The swimming pool, the handball court, the billiard table and the bowling green all give us further opportunities of being together in a friendly atmosphere and of getting to know one another more intimately. They also give us unlimited scope for considerably widening our circle of friends in the Club and of readily absorbing new members into the "Family circle" of Tattersall's.

This can do nothing but good for the Club as a whole and its members as individuals. Those who work for, and support in other ways, these sporting bodies in Tattersall's are to be congratulated heartily on the unselfish provision of their time and the wholehearted engendering of the enthusiasm which make such sections a great and vital part of our club life.

JOCK RORRISON RETURNS

Last month we reported that member Jock Rorrison has taken a trip to his native Scotland to see his sick father. Latest news is that Mr. Rorrison is now much better. His many friends were glad to hear this news and also to have Jock back in the Club again looking so hale and hearty after his sojourn amongst the heather.

MORE ABOUT MANICURISTS

We haven't been short of news about Club manicurists in recent issues of this journal and this month we have further information to impart. The attractive lass in the shot reproduced above is Edy Bruno. Edy is taking over in the barber shop as manicurist during Jan Cohnen's absence overseas and will be available over the next three months with nail file and cuticle scissors ready. We understand that she is a very capable lass and that members can safely put their hands in her hands.

THANKS JUDGE

Club member STUART CLARKE appointed Divisional Sales Manager for "Life" Magazine in Australia.

Stuart is one of the best liked chaps you would meet "in a day's walk." His appointment is well deserved.

Life Magazine will carry more Australian content and will be printed here.

"Congratulations on getting Life" said one of our legal fraternity breasting the bar on the first floor. A smile drifted easily across Stuart's face and puffed his "White Owl," and said "Thanks, Judge!"

STILL BOWLING ON

Over recent years two members have done a great deal to assist in the administration of Tattersall's Bowling Section. They are John McKell and Homer Jones. John acted as Hon. Secretary for the Section for three years up to last June and Homer as Hon. Treasurer for almost the same time. Although both have now stepped down from these offices they haven't by any means relinquished their active interest in the Section. John has taken on the office of Senior Vice-President and Homer Vice-President. This means they will both be working just as hard for the good of the bowlers in the Club but in different capacities where their experience will be most valuable. We wish them both good luck in their new offices.

BACK IN NEW YORK

Well known "International Member" of Tattersall's, Harry Bernstein arrived back in New York after a round-the-world trip which took in many countries. On arrival he wrote our Chairman a very welcome letter which read in part:

"Needless to say the high spot of my trip was my stay at Tattersall's and I wish to express my thanks to you, the Committee and the personnel of the Club for all you did to make it so. With my very best wishes and hopes that it will not be too long before we meet again."

Nice to have your letter, Harry, and we all wish you a happy stay in New York.

CLUB SWIMMING CHAMPION

For those who are not regular readers of the swimming notes in this journal, in which this item is more fully covered, we report that John Devitt is now our Club swimming champion. John won the event from Dave Emanuel, himself Club champion twice before John appeared on Tattersall's swimming scene, in a very close finish. Although championship status is nothing new to John he was delighted with his win. To him we extend hearty congratulations on his sixth successive victory in this event and also to Dave Emanuel on pressing John so closely for second place.

Club Race Meeting Luncheons

As members know, a Club luncheon is conducted in Tattersall's lunch room at Randwick on each of the Club's race days. Members are invited to these functions in rotation and over a period each will have his turn. To ensure that the maximum number of members can be catered for each time, those receiving invitations are requested to co-operate by indicating as early as possible whether they will be able to accept or not. This will enable places to be filled which might otherwise be left vacant.

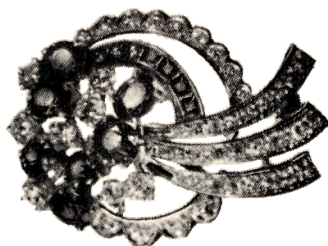

It is regretted that guests of individual members cannot be catered for at these functions as the numbers attending have been carefully calculated and all arrangements made accordingly.

BACK FROM PAINTING HOLIDAY

The work of club member artist, Cedric Emanuel, or Ted as he is usually known in Tattersall's, has long been well known and highly regarded in Australian art circles. Over latter years one of his greatest pleasures has been to set off overseas with his charming wife Billie and nose out those colourful and quaint places in Europe which are a great delight to his artist's eye and a fascinating challenge to his facile brush. Just back from one of these trips where he ranged mostly around the Adriatic, Ted is full of infectious enthusiasm for the sights he has seen and the spots he has painted. On this tour, however, Ted had an assignment which took up a considerable amount of his time — one which is a great tribute to his international reputation as an artist and which he took great pleasure in executing. It was a series of illustrations highlighting several different countries for a shipping company. Ted's many friends, including his fellow players in the Club's bowling section, are delighted to see him back in Australia again and we are pleased to know that he and Billie had such an interesting and rewarding trip.

CHAIRMAN RETURNS

Club Chairman, Frank Carberry, and Mrs. Carberry returned late last month from a well-earned three-week vacation which they spent in Queensland and the upper N.S.W. coast. Frank was looking fit and well and all the better for the rest and exposure to the northern winter sun. While away, he and Mrs. Carberry represented Tattersall's Club at various race meetings in Brisbane and N.S.W. Nice to have you back again, Frank.

TATTERSALL'S AT TEST

The third test between England and Australia created a great deal of excitement with Rugby League fans everywhere and as was to be expected it drew a great crowd on Saturday, the 23rd of last month. Just what proportion of this crowd was made up of Tattersall's members is difficult to say with accuracy but there's no doubt it must have been significant. Secretary Lyal Binns was present and he counted no less than forty of our clan in the members' bar after the match. Whatever they might have been drinking at the time it is now history that they had been treated to some champagne football earlier in the day and no doubt they toasted their wisdom in going out to see what was one of the finest international matches ever played in Sydney.

MEMBERS IN RACE WIN

It was truly a "Tattersall's Race" at the A.J.C. Randwick meeting on the 23rd of last month when Leloch won the Clontarf Welter Handicap. Leloch, a four-year-old brown mare out of Pyloch by Le Filou (Fr.), is jointly owned by member H. Landon-Smith and Club Committeeman Les Tidmarsh. She is also trained by a member, Pat Murray. This was the mare's first success for a long time and the Tattersall's trio were delighted with her convincing victory over Piping Prince. Fellow members offer hearty congratulations to these three members on Leloch's win and hope she lives up to her promise as a stayer and goes on to bigger and better victories in the future.

RIVERVIEW ROWERS IN CLUB

Well known member Noel Hammond played host to the crew of the Riverview Eights when he had them all for lunch in Tattersall's last month. A very pleasant occasion was the result and the young oarsmen enjoyed themselves tremendously. Noel showed them around the Club and the pool proved to be the greatest attraction as might well have been expected. Most of the boys made enquiries to see how long they might have to wait for membership after attaining the age of twenty-one. As is common knowledge Noel has been an outstanding success as coach of the Riverview crews. His two sons, Sam and Michael, rowed in the winning Head of the River crew in 1958 and are now both members of Tattersall's. It was a pleasure to have Riverview with us and to them all and to Noel we send best wishes for every success for the future.

OS BATES SETTLES INTO STRIDE

We reported a couple of issues back that well-known member Os Bates had taken over the role of public relations officer for the Newcastle Jockey Club and had taken on the task of promoting this go-ahead body to the racing public. Since that time Os has had his head down and tail up, as the saying goes, and has been doing a bit of steady commuting between here and Newcastle. When we last spoke to Os he told us that he was settling down well to the new task with the immediate task of bringing bigger and better crowds along to the Cameron Handicap which is to be held on the 7th of next month. Good luck with the Cameron, Os. No doubt we'll be hearing more of your exploits in the coming months.

CARD PLAYERS BACK IN CLUB

The Club card room hasn't been quite the same over recent months because of the absence of two of its stalwarts. These are Jack Madgwick and Vic Richards both of whom have been away on a business trip. However, they have now both returned and it's "business as usual" on the second floor once again. We're happy to see you back Jack and Vic and pleased to know that you both had such a pleasant and successful trip.

Progress Report

CLUB DEVELOPMENT PROGRAMME

To keep members abreast of the progress being made on the Club Development Programme a report from the architects in charge of the project is being included in T.C.M. each month. The following is the latest of these and was made at the end of last month just before this issue went to press.

Bedrooms on Castlereagh Street

These are fast nearing completion.

In the new Bedrooms, the Built-in furniture is being installed, and the rooms painted out. Some work still remains to be done on the existing Bedrooms on Castlereagh Street, in the matter of renovating and painting and then the new section will be handed over, ready for installation of carpets and blinds.

Owing to most of the furniture being built in, it will only be necessary for

the Club to purchase a bed and chair for each room.

When these new bedrooms are furnished and handed over, painting will start in the existing Bedrooms on Elizabeth Street.

It is intended to retain the existing Toilets on the Fifth Floor, at present serving the Fourth Floor Dining Room, to service the existing Bedrooms on Elizabeth Street.

The new Men's toilets on the Fourth Floor will be ready for use by members shortly.

Carpets have been ordered for the Bedrooms, and are expected in approximately six weeks.

The Fourth Floor Lounge

Panelling to walls is now being installed.

The Bar Counter, front and back fittings are in production. The bar equipment is being manufactured.

Trial samples of carpets in accordance with Committee's instructions submitted for approval. Delivery is expected in six weeks. This will allow ample time for the curtains to be made and installed.

Tenders being called for furniture for Committee's approval.

In accordance with instructions, it is intended NOT to open the new Fourth Floor Lounge until the Dining Room is re-decorated. This will mean a shut-down of the Dining Room, of approximately four weeks. When completed, a Grand Opening of the new Fourth Floor will be made.

However, it is intended to keep the existing Dining Room trading as long as possible, so that a concentrated effort can be made for the painting and decorating, and the laying of the new carpet in one operation.

It is intended that the decor of the new Dining Room will be "off white" and gold, with new curtains, light fittings commensurate with its dignity. It must be remembered, however, that this will not be the completed scheme of the Fourth Floor as the new kitchen and vestibule to lifts still remains to be done in the next stage.

However, new decoration of the lift lobby is intended at this stage.

S.T.C. Premises

The S.T.C. Premises on Elizabeth Street have now been handed over to the S.T.C. Builders.

The whole of our programme for the Bank and the Second Floor depends upon the S.T.C. completing their work in their new area, and moving in as quickly as possible. When they have moved into their new section, work can start on the Ground Floor Club Office section.

When this work is completed, and the Club Office installed in its new area on the Ground Floor, work will start on the Second Floor Buffet and Card Room etc. in accordance with Committee's instructions.

Bank

A Conference has been held with the Builders, the Bank Manager and ourselves, and a Schedule prepared, showing the date when the Builder intends to commence operations, the length of time it will take, and the completion date.

It has been pointed out to the Bank that it will take us approximately twice as long to do the alterations with them in possession, than if they had vacated the premises entirely.

It will also be patently apparent that this will involve additional expense, as overtime has to be worked — and noisy work, such as demolition of strong room with jack hammers, will have to be attempted during weekends.

The Bank Manager accepts the fact that his business will be disrupted to a certain extent, as we will be working in his area.

It remains, therefore, for us to complete the Bank Toilets, etc., in the new area before we can attempt any work on the existing section.

It is hoped that a start will be made next weekend.

Laundry

The whole of the Laundry equipment has now been delivered, and is being tested.

When the air extraction hoods have been installed, above the equipment, and all tests completed, the floor will be painted, and the Laundry will be handed over for operation.

New Goods Lift

As soon as the new Laundry Equipment has been handed over and in operation, the electricity supply to the existing Goods Lift will be disconnected, and also to the existing electric boiler on the roof.

This supply to the Boiler on the roof will then be transferred for the use of the new Goods Lift.

"Ladies" Triumph in Doncaster

BY CLIFF GRAVES OF THE "DAILY TELEGRAPH"

The natural comparison after three-year-old Citius' Doncaster (Easter 1966) triumph is with Valicare, a three-year-old filly who won 40 years ago.

Valicare carried 8.9, or three pounds over weight-for-age, and Citius 8.8.

Valicare raced nowhere else but in the lead and she had to do this in the gruelling mile of the 1926 Doncaster, whereas George Moore was able to set Citius behind front runners Bowl King and Reisling and choose the moment inside the last furlong to advance to the lead.

Moore's box-seat tactics eased the task for Citius, but Valicare had to do it the hard way.

Nevertheless both were great performances by the supposed "weaker sex" which deserved the ovations they received.

On a dead track Valicare covered the mile in 1.37½, but under lightning conditions Citius ran her mile in 1.34 4/5.

Citius had notched eight wins before her Doncaster success and thus had much more experience than Valicare, who commenced racing only four months before her Doncaster triumph. Her wins included the Carrington, the Adrian Knox, then a mile event, and she beat the Melbourne Cup and weight-for-age crack, Windbag, over nine furlongs in the Rosehill Rawson Stakes. Valicare won seven races straight, finishing her three-year-old season with victory over one of the best mile fields ever in the All Aged Stakes. She scored by a length from Futurity winner Top Gallant, Cantala winner The Night Patrol, Epsom winner Metellus, and Doncaster winner Fuji San.

Valicare was raced by the late Mr. Pat H. Osborne and his wife, a couple

devoted to thoroughbreds whose kind-heartedness bade them refrain from racing the mare soon after she reached four years. Mr. Osborne was a member of the A.J.C. Committee and a race is named after him at the annual Easter meeting at Randwick. The trainer was the late Bayley Payten and jockey Jim Munro.

Valicare was by a French stallion, Valais, who was siring a host of brilliant sprinters of the time. Valicare at stud produced one worthy daughter, Carefree. She was a pony, and to give her experience she had her first race in a 14-2 pony event at Victoria Park. This was not a very exciting start for the daughter of a champion, but Carefree won it easily and went on to much more important successes including the 1933 Cantala stakes, a mile, at the Melbourne Cup carnival at Flemington.

Citius' sudden development of the stamina to win a Doncaster with 8.8 was a complete knockout for form followers. She had tried twice over the distance at three years in the Spring, but failed to get nearer than third in the Manifold Stakes at Flemington to Gipsy Queen and Prujoy and third in the fillies' Guineas at Caulfield, again to Gipsy

Queen and Royal Dress. It was this doubt which caused her price drift to 20/1 on the course, to finally settle at 16/1, although during the preceding week she had recorded a gallop which almost matched Valicare's track record of 1 12 for six furlongs. Citius took 1 12½ and beat Epsom winner Even Better by four lengths.

Citius' capacity to win the fast-run Doncaster over a mile, a distance at which she had previously twice failed, was a complete knockout for form experts. Last Spring she was third in the Manifold mile at Flemington to Gipsy Queen and Prujoy, and third to Gipsy Queen and Royal Dress in the Caulfield mile Fillies' Guineas. This Autumn she developed colossal speed to win the Lightning Stakes and Oakleigh Plate but apparently a latent burst of stamina enabled her to improve on past staying form with a brilliant Doncaster win.

Citius has a bright future. No doubt next season she and another great mare Light Fingers will be cutting up the weight-for-age and other classic plums of the turf between them, standing out as the predominant performers of the Australian turf.

Manfred and Midlander, Turf's Jib Villians

By C. J. Graves of the Sydney "Daily Telegraph"

Victoria's arch villain of the turf, Midlander, who lost the Victorian Leger recently through stopping half-way through, had a counterpart 40 years ago who refused to race at all in the same event, the Leger of 1926, Manfred.

Manfred was a better horse than Midlander and, as a jib, also had a better record because twice in one day he refused to race.

In the mile and three quarter Leger at Flemington on the first day of the V.R.C. carnival, Midlander was sent out a 5/2 second favorite but, after loping along comfortably for six furlongs, he suddenly refused to gallop further and dropped back 20 lengths behind his rivals.

Eventually his jockey, H. White, coaxed him into another effort and he finished third (worth \$1700) behind Prince Grant and the odds/on favorite Tobin Bronze.

Punters foolishly believed that he would not repeat such tactics when he saddled up a week later for the Norfolk Stakes two miles and they made him a 9/4 favorite. In the first half mile to the winning post the first time he went fast but, having passed the post, pulled up altogether with 10 furlongs still to go and took no further part in the race. The result is he will not be raced again until it is certain that he will behave as a racehorse should.

Midlander was regarded as one of the most promising stayers in sight after his Melbourne Cup third to Light Fingers and Zieme. But at the same stage of his career Manfred was better. He ran second to Windbag in the 1925 Melbourne Cup beaten only half a length in record time with 2 lb. over weight for age after being checked 2½ furlongs from home.

Manfred had begun to jib as a two-year-old. When an odds on favorite at two years he stayed at the post in the Randwick Sires' Produce Stakes and Los Gatos won, but a week later when he started generously in the Champagne,

he beat Los Gatos by eight lengths! Five months later he stood at the barrier when the Sydney Derby field went off, losing half a furlong. But his rider, Billy Duncan, hammered at him till he persuaded him to go and he won by a length and a half. And behind him was a mighty horse, Amounis, who subsequently won two Epsoms, two Cantalas a Caulfield and a Williamstown Cup. Manfred raced generously to win the Victoria Derby at 5/2 on, and then followed his second to Windbag in the Melbourne Cup. The following Autumn, after a third to Top Gallant and Fuji San in the Futurity, he again became a thorough arch villain of the Turf.

He was considered so superior to the three-year-olds of the time that he was sent out a 6/1-on favorite for the Leger, but he stood at the barrier till the field had gone a furlong. Jack Toohey at last budged him but, after a few yards, he turned back and stood watching the race. Manfred had been left in the weight-for-age event, the Essendon Stakes 1¼ miles, which was next on the programme and he went out to contest this. So strong was the faith in the human breast where thoroughbreds were concerned that punters made him favorite also for this at 6/4. But again he stood at the post and took no part. The following season, at four years of age, Manfred saw the light again and became a real racehorse with four wins embracing the Caulfield Cup with 6 lb. over weight for age, 9-6.

Manfred was a lovely horse to look at—a rich blood bay—and a real aristocrat. One often wonders what he might have achieved on the turf but for that

Billy Duncan, one of the best lightweight jockeys in turf history, who punched home Manfred after he had lost half a furlong in the 1925 A.J.C. Derby start at Randwick. Duncan also won the 1932 Melbourne Cup on Peter Pan after he had almost fallen five furlongs from home.

barrier aversion, because he was an out-and-out champion.

So, after what this converted rogue did in winning his Caulfield Cup, there may be hope for Midlander, who is now a highly promising stayer just wasting his career by refusal to race.

Members going to Newcastle for Black & White Cameron Handicap

Many members have arranged to visit Newcastle races during their Gold Cup Carnival. Club member, the Lord Mayor of Sydney, Ald. John Armstrong, will present the trophies on behalf of Black and White Scotch Whisky donated by James Buchanan & Co. Ltd.

Air conditioned trains will make the journey pleasant to one of the best surfaced tracks in Australia — Broadmeadow. Cinesound Newsreel will cover the seven furlong event.

No race fixture in Sydney on 7th September will leave jockeys free to take mounts on the day.

The selected Queen of the Newcastle Mettara Festival will place the Black and White sash on the winner of the race.

Race callers have been invited to share the on course descriptions so members can have an opportunity of comparing the different styles.

Newcastle special race meetings have always been extremely popular with Tattersall's Club members, and it has been the regular practice for the Club Secretary to arrange parties who always enjoy a pleasant day's racing.

'THEY'RE OFF' IN BILLIARDS & SNOOKER

Despite some initial inconveniences suffered because of the Club Development Programme the 1966 Billiards and Snooker Tournaments are off to a great start. First round matches are well under way and by the time the next report appears in this journal the field will have settled down and sorted itself out a little. No doubt there will be surprises as usual but the one thing on which we can rely is that it will be a great season.

THE WHIPS ARE ALREADY CRACKING!

Unfortunately, by reason of the Club's Building Development Programme, the main club room will not be available for the normal staging of our Billiards and Snooker Tournaments as early as was anticipated. Therefore, in order to avoid further delay, 1st round matches will be played on the centre table of our billiard room, with succeeding rounds being played on the special tournament table in the main club room as this becomes available.

Understandably, all Billiards and Snooker play, other than Tournament play, will be suspended whilst Tournament play is in progress on the centre table of the billiard room.

The first rounds of the Tournaments are well under way in our second floor Billiard Room under the emergency conditions created by our re-building programme, and a vote of thanks goes to our cue-ist enthusiasts for their forbearance whilst being deprived of their usual games by reason of the Tournaments.

'HOT POT' DOWNED IN PHOTO FINISH!

Whilst most games to date have confirmed the handicappers' judgement in providing enjoyable keenly contested games with invariably close finishes, one match, that of Ken McDonald and Alf Gott, provided onlookers with the first sensational upset for 1966.

Conceding Alf Gott 33 points Ken swept to the lead at 65 to 60 with only the coloured balls left and looked all

set for Victory. From this point in the game, Alf, who had played steadily throughout, played a colossal game in countering every move that Ken made. In a ding dong finish, with the luck just about evenly divided, Alf got up to win it amid loud and well deserved acclaim from the large gallery. The drama emanating from this game enthralled all those who gathered to see it and we hope that **YOU** were among the fortunate onlookers. If you happened to miss this particularly exciting encounter, we can assure you that there will be plenty of others of equal calibre as the Tournaments progress, and we cordially invite you to share the excitement any day (except race days) when the "They're Off" signal is given at 1.30 p.m. on the second floor.

Results of matches played to date are shown on this page.

COMBINED CLUBS' SNOOKER COMPETITION

Tattersall's team suffered its first defeat in the 1966 series of Inter-Club matches, even though we enjoyed the

advantage of playing on our home ground when we met the All Schools Club in our first match.

The No. 1 team of Roy Bryden and Ken McDonald and No. 3 team of Peter McGrath and Peter Charleston both were defeated. The No. 2 team of Bert Tonks and Jim Davidson were the only team to hoist the flag of Victory, which meant that Tattersall's went under by 2 matches to 1.

During July we improved our standing in the Inter-Club Snooker Competition by achieving a resounding 3 to nil win over the Formidable Royal Automobile Club at their club. Our team, to be congratulated on this great effort, was: Roy Bryden and Ken McDonald, Bert Tonks and Jim Davidson, John Peoples and Len Williams.

This is by far the strongest team we have fielded so far this year, and provided we can maintain a team of this strength, Tattersall's have a great chance of again becoming the proud holders of the coveted Championship Shield.

Sixth Championship to Devitt

Great doings in the Pool in July when the 1965/1966 season ended with John Devitt winning his sixth Club Championship, Jim Comans taking out the "Native Son" Trophy and Ralph Corrick the June-July Point Score.

The Championship attracted a field of sixteen smart sprinters with Dave Emanuel, Rod Francis, John Devitt and Bill Kendall the heat winners.

A big crowd of members came along to see the final including Tattersall's Club Chairman, Frank Carberry, who made a special trip from Cronulla to witness the race, and Committeeman Alf. Collins who has for many years donated the Championship trophies and who always acts as a judge.

Club Starter Sam Block, away at Canberra, was unable to act in that position and sent a telegram wishing good luck to all, and experienced Frank Falson did a very good job getting the heats and final away with perfect starts despite the fact that some of the boys were inclined to be "toey."

The final was a great race with only a yard covering the field of four at the finish, with John Devitt having the closest call he has had in his six victories to beat Dave Emanuel by about a foot in 19.4 secs, which is well outside his Club championship record of 18.1 secs.

Emanuel, who has won the title twice, was just ahead of Rod Francis, with Bill Kendall, a six times winner, just astern.

As anticipated, Jim Comans won the 1965/1966 "Native Son" Point Score for trophies presented by Bill Kirwan. Jim had a tally of 171 points for the season to beat Syd Kay, 164½; Bill Rowe, 159½; and Charles Robinson, 159.

Robinson duplicated his performance of the 1964/1965 season when he was also beaten by half a point for third place.

To Jim Comans go the congratulations of all members as well as to Kay and Rowe who were consistency itself right through the year.

Ralph Corrick made a certainty of winning the June-July Point Score with a win in a final of the last race of the season from Dan O'Connor and Pat Hopkins.

Corrick did really well to win with thirty points made up by three wins and a third in finals, as he had been out of action most of the season. Alan Hickey, who has gone well in recent races, was five points away in second place with Charlie Robinson a point behind, Bill Orme and Bill Rowe level three behind and John Cunningham next.

The past season must go down as the most successful in the thirty-eight years existence of the Swimming Club. Fields were consistently large and racing close and exciting. Even in the last month of the season the fields averaged forty starters.

Thanks go to the regular officials who competently ran off the races and also to those who helped out when some of the regulars were absent, which was not often.

In the last month the boys continued to improve and no less than seven beat their handicap and were dropped a

second by the Handicapper. They were: John Cunningham, Charlie Robinson, Bill Henneberry, Alan Hickey, Dave Morrissey, Ralph Corrick and Syd Kay.

Best winning times of the month were: 19.4 and 20.2, John Devitt; 19.6, Dave Emanuel; 19.9, Rod Francis; 20, Bill Henneberry; 20.2 and 20.7, David Cohen; 20.4, Norm Rogers; 20.7, Bill Kendall; 20.7 and 21, John Cunningham.

By the time these notes appear in print the British Empire and Commonwealth Games at Jamaica will be just about over and we feel sure that our swimmers and divers will have acquitted themselves well, as usual.

Tattersall's Club has a personal interest in a couple of our swimmers, Kim Herford and Kathie Wainwright, as both are daughters of club members. Kim's father, Sam, has been a member for quite a number of years and was himself an Australian and N.S.W. champion.

Kathy's father, Jack, has been a member of the Swimming Club during the past season and swam in one of the last few races. Kathy has been breaking records in her trial swims and we will be surprised if she does not bring back a few medals from Jamaica.

Swimming Club members, champion John Devitt, Terry Gathercole, coach of the women's swimming team and Bill Phillips, President of the International Swimming Federation will be at the Games and so will member Sam Herford.

Good Idea Trophy to Bruce Galea

To cap off the handball season, Bruce Galea fought out an exciting Good Idea Final in one of our most interesting matches, to once again prove himself a true champion in both skill and temperament.

This was the most brilliant handball match played for some considerable time. The contestants Bruce Galea (—15) v Ken Glass (+14). It was a great game.

It appears to be almost incredible anybody could concede a start of 29 points to Ken Glass and defeat him. In actual fact Bruce had to score 56 points before Ken scored 27. Knowing Ken Glass as a handball player and having watched him on a great many occasions I would have ventured the opinion that this was impossible. Well it was not impossible but almost so because the final scores were:

Bruce Galea defeated Ken Glass by 42-40 in the final of the Good Idea Trophy. It was a mighty victory. Ken has never played better.

He commenced brilliantly and was leading with the scores at 25 to 5 having won 11 points to Bruce's 20. Then Bruce had that run of brilliance which makes him a champion and he won 19 points whilst Ken only won 1 point bringing the scores to Glass 26 Galea 24.

The match then appeared to be certain for Bruce. However, Ken pulled his game together and went point for point and he actually led Bruce with the scores at 40-39. At this dramatic point Bruce rallied and drew level at 40 all. He then

went on to win the next 2 points to win the match and the trophy.

It was a terrific final and all praise to Bruce Galea the winner and special mention for Ken Glass as his worthy opponent. A word of praise too for our Secretary, Norman Rogers, who umpired the match and did a mighty job.

Also a few warm words of thanks to the donor of this trophy Mr. Arthur Browning. Thank you Arthur. We appreciate your lovely gesture in providing this trophy. It is always keenly contested and this final was the equal of any that have been played previously.

This final ended the season's competition and the full list of winners and runners up appear with this report.

We do not know yet when we shall be having the presentation evening owing to the alterations to the club premises. Rather than have a makeshift evening we have decided to postpone the function for a short period in the hope that a suitable room will become available to have a night befitting the Handball Club's activities. We feel sure you will all agree on this point.

Norman Rogers, your secretary, will advise you later on this function.

Congratulations to Secretary Norman Rogers who has written personally to

each member giving them the "gen" on all these matters.

Regarding future competitions, etc., I will write about these next month. In the meantime, a couple more congratulations.

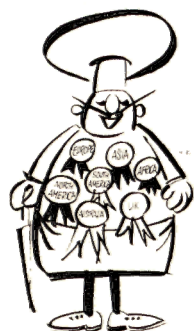

To Sammy Block and Nell Block who became grandparents for the second time recently. Sam's son Bruce and his wife produced a beautiful daughter and as they already had a son this made everybody happy. Congratulations all round.

To Jimmy Comans on his success in winning the "Native Son" swimming trophy for the most points throughout the year. A grand performance and our congratulations to Syd. Kay for being runner up for the second successive year. You will win it next year Syd. By the way, both products of the Handball Club—hope you note this, Swimming officials.

To John Dexter, Sam Black and Clive Hoole. Congratulations to you wonderful administrators of the swimming club and for a most successful season just ended. You did a mighty job, fellas.

To Reg Henry and the boys on the third floor, many thanks for your kindness and consideration at all times.

That's all and best wishes.

New Bowls Committee Settles in

The new committee has settled well into stride and individuals are doing their allotted tasks in a manner that promises well for our future. There is no doubt we can all look forward to a great year under their expert and enthusiastic guidance and if our members give them the support they and the section deserve we can only go from strength to strength.

Four days were enjoyed by the section during July and all proved to be most popular and resulted in excellent matches. Maroubra, City, Waverley and Rose Bay were the respective venues and these clubs made us most welcome.

As anticipated, the new officers in the bowling section are doing a great job.

President Dr. Fuzz Porter is at his best at presentations and responses, being short and snappy with, invariably, a witty story. A pleasure to hear.

Honorary Secretary John Nevill fits in admirably and Hon. Treasurer Mark Barnett is always on deck to look after the financial department.

An interesting record as to attendances has been kept, together with popularity of each venue of play. It appears that Moore Park with an average of 35.3

players over the six months is the most popular, followed by Rose Bay with 34, Waverley 32, City 29.5, and Maroubra 21.3. With an average of over 30 players plus visitors the bowling section is looking to its best year ever.

Harold Hill, after undergoing a hernia operation, is reported to be making good progress. By the time this goes to press he should be up and about again with the bowlers.

Tim Renennson celebrated his return from overseas with a win at Waverley. Must have been having some practice in Belgium which is his native country.

Regular attender Ken Williams will be be missing for a few weeks. He has gone to Suva with his family for a short holiday.

New member Horace Abbott has been playing each week with the bowling section. Only a new player, he has

shown a marked improvement in the last few weeks. Keep coming Horace and a trophy win will be just around the corner.

Tentative arrangements for our annual match against Newcastle are in hand. Watch the board on the first floor or this bulletin giving the exact date. If the venue is Newcastle, judging by the marvellous time all had on the last occasion, there will certainly be a good roll-up. For those who were not there should certainly not miss it this time.

JULY RESULTS

At Maroubra 30th June: Tim Renennson, Nick Solomon, and Harold Hill. July 7th at City: Jack Phillips, Fred Empson, and Ken Williams. July 14th at Waverley: Bunny Saw, Phil Solomon, and John McKell. July 21st at Rose Bay: Roley Best (visitor), Ron Darch, and Eric Scott.
